Bakertowne's Price Guide To Precious Moments Figurines

Matthew Fennell, Tammy Kahn Fennell, Lou Kahn : Bakertowne's Price Guide To Precious Moments Figurines before purchasing it in order to gage whether or not it would be worth my time, and all praised Bakertowne's Price Guide To Precious Moments Figurines:

Two StarsBy Annette HamiltonNot what I was expecting - thought there might be pictures and the prices seem awfully low.4 of 4 people found the following review helpful. Bakertowne's Price Guide to Precious Moments FigurinesBy Monica C. PetrillaPurchased this guide a couple of weeks ago and I couldn't be more disappointed. The guide is nowhere near complete, there are no pictures and the layout looks like is was done for a middle school typing project.I have never given a bad review on a book before but this so called "guide" is pathetic. \$20-what a rip-off!2 of 2 people found the following review helpful. Not all are listedBy Red1064I was very disappointed that not all of my figurines were listed in this book, or if they were, not all symbols available were shown. However, it is nice in that it is very simple to use-look your item up alphabetically and there are two price columns, one for insurance and one for resale.

Finally! A Precious Moments Price Guide with an eye on reality. Because this is not an 'official' guide, this list promises to be the most up to date, most 'real life' Price Guide on the market in an easy to use chart format.
