Barbie the First 30 Years 1959 Through 1989: An Identification and Value Guide

Stefanie Deutsch : Barbie the First 30 Years 1959 Through 1989: An Identification and Value Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Barbie the First 30 Years 1959 Through 1989: An Identification and Value Guide:

1 of 1 people found the following review helpful. Very InformationBy DirtyLittleSecretsGreat addition to my new collection of Barbie literature. Contains a gazillion quality photos.0 of 0 people found the following review helpful. Great buyBy GlendaThis 1989 book looks like it's never been open. So happy with the price and glad I purchased this book. Great seller0 of 0 people found the following review helpful. So much info lostBy DevoraPlease, would someone step outside of their own personal collection and write a TRUE guide to Vintage Barbie and Friends plus fashion and structures? Is it asking too much for someone to put together a comprehensive book on the first 10 or 12 years?This book would have to be much larger to cover the first 30 years of Barbie alone. There is so much missing.

For more than 30 years, Barbie has mirrored the fashion, lifestyles, and beauty ideals of her time. Collectors have been enchanted by her as flower child, disco queen, rock star, and career woman. This book chronicles the first three decades of this popular collectible, showing a complete, year-by-year line of over 800 U.S. and foreign Barbies, outfits, and accessories.

About the Author Stefanie Deutsch started collecting Barbie dolls in 1980 when she was still attending school in Germany. Her collection grew quickly and she became well-known through the German press, radio, and TV. In 1986, she formed an official Barbie doll collector club for Germany, Austria, and Switzerland. For Barbie doll's 30th anniversary in 1989, her dolls were shown in major, Mattel-organized exhibitions all over Germany and Switzerland.

After graduating from law school with honors, Stefanie and her family (including some thousand Barbie dolls) emigrated to America. Here, in 1992, she wrote her first book about Barbie dolls, a price guide published in Germany that is now in its second printing. Stefanie also served as president of Barbie Doll and Friends of Vancouver. After the birth of her children, she parted with many of her dolls, but is still very involved in collecting.
