Well written.Great photo's.Very accurate and detailed.If you want to learn about the beautiful MP40 there is no better source than this book.0 of 0 people found the following review helpful. The best, period.By Marc S
Outstanding. A must have book for anyone interested in the MP38/40.

This book includes the history and development of the German machine pistol from the MP18,I to the MP40. This is the extremely revised and updated second printing by Frank Iannamico; it is now in our popular 8.5x11 format and has

almost 100 more pages than the original printing!
