There is no editorial content to this so-called official price guide. The only prices are BUYING values, which means that the value listed is what Bob will BUY your Rolex at, not what the watch is worth. Do me a favor all Rolex collectors and save your money. Don't buy this. I sadly really wanted this book to be so much more.

Milgauus. The easy to use guide describes and illustrates each model featured and provides the estimated market value as determined by our experts at Bobs Watches.
