2 of 2 people found the following review helpful. but perfect in its overviewBy Eric BerkusI'll be brief. As a Breitling fan, this book is a must-have. Worth more than the retail price, the color plates are gorgeous! It is not an all encompassing history, but perfect in its overview. I highly recommend adding it to your collection!0 of 1 people found the following review helpful. Breitling is especially known for its characteristically masculine wristwatches. This distinctive design is the main reason for its great popularity since the 1930s. The book presents the most beautiful and most important models of the Breitling history. The fascinating text provides a history of the brand and historical examples. The models explored include the Navitimer, Avenger, Chronographs, Superocean, Breitling for Bentley, and Cockpit. Also included are brief histories of each wristwatch presented. Excellent photography in over 120 images and all relevant technical details are included. Technical data provided includes the reference number, movement, functions, case, and the price of the watch at the time of sale. This is a reliable guide anyone passionate for quality wristwatches will treasure.
