Britten's Old Clocks and Watches and Their Makers, 7th Edition

G. H. Baillie, C. Clutton, C. A. Ilbert : Britten's Old Clocks and Watches and Their Makers, 7th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Britten's Old Clocks and Watches and Their Makers, 7th Edition:

0 of 0 people found the following review helpful. A monumental work and a must read bookBy wolfThis book is a must for every pocket watch and clocks lovers. It is a bout history, majour horlogery achivment and development steps. It describe the fundamentals of the different movments and provides valubale information. Either beginners or dealers , every one must read it . A master pieace of research written in understandable manner for all. If you are serious about watch collecting and want to know and understand the beutiful simplicity of watches and clocks movements and also have a useful index of manufacturers , this is the book to start with. A monumental work and a must to have. You will not be disappointed and it will take time to read and understand, but it is well worth the time and money spend on. Highly recommended.0 of 0 people found the following review helpful. Tick tock know your clockBy CustomerThis is an awesome resource for analysing, dating and technically identifying old watches especially with the extensive watchmakers directory.0 of 0 people found the following review helpful. ... had more detail on my clock but was a good infoBy Kendawish it had more detail on my clock but was a good info source

Modern reprint of original book published by E. P. Dutton in 1956. Includes extensive listings of former makers, horological technical terms, a summary of hall-marks to 1830, short biographies of famous makers, a survey of types of clocks and watches, and a bibliography. Britten's Old Clocks and Watches and Their Makers: A Historical and
