Book vs digitalBy Lillian IrvinMuch better than the digital version which was confusing because the pictures and text were not easily matched up.0 of 0 people found the following review helpful. BucklesBy Phyllis RossI am a buckle collector and wanted a book that had more in deplth information. As far as I know there are only two other books with information and I was hoping this one would round out hat was not in the other books.Nice book but only briefly touches on some of the information.0 of 0 people found the following review helpful. Very Thin bookBy BlainA lot smaller than I thought it would be - paperback would be okay, except there are so few pages that it's just very flimsy. The information in the little book is good, it just needs more content.
