Hopefully a good book!By 0-0-0-0Picked this one up because I had such good success selling used musical instruments on ebay I thought to myself why not read this to see if I could be even more successful and possibly create an income. After all I have been buying and selling on ebay for almost 13 years. Well, truth be told I have not read this book. I am a true procrastinator and have been wanting to start a business online.
