THE book for Byzantine coinage.By A CustomerThe biggest and the best, this one covers it all. You will not need another book on Byzantine coins. Thoughtfully and thoroughly comprehensive.

The Byzantine Empire lasted for almost a thousand years after the fall of the Roman Empire in the West. The period covered by this catalogue is from the reign of Anastasius I (491-518) until the capture of Constantinople by the Turks in 1453. When this catalogue was first published in 1974 it was hailed as containing more information in a concise form than any other single volume on the Byzantine series.
