He found it very informative.0 of 0 people found the following review helpful. Great for ID purposesBy R. DenleyThis is an excellent book for identification and relative value of comparative models of Heddon tackle. No book can keep up with the shifting economy but it will give you a good idea of one lure compared to another.0 of 0 people found the following review helpful. Five StarsBy JanetMy husband love, love the book it was a birthday gift he said best birthday ever !

The hottest area of modern fishing lure collectibles is, without doubt, Heddon plastic lures, yet little has been published on them, and demand for an identification and price guide is very high. Lure expert Russell Lewis meets

that demand with this new reference, Heddon Plastic Lures. 1,500 collectible lures produced by the groundbreaking lure manufacturer from the company's beginning in 1924 to 1984 when the company was sold, are shown in full color for easy identification, accompanied by current collector pricing. In addition, the book includes catalogs, color charts and advertising, as well as historical information on Heddon as a company and tips on collecting.
