Herman Miller Office (Schiffer Design Books)

Leslie Pina : Herman Miller Office (Schiffer Design Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Herman Miller Office (Schiffer Design Books):

In this long-awaited new volume, classics by Herman Miller's super-designers -- Gilbert Rohde, Charles and Ray Eames, and George Nelson -- are shown along with more recent office furniture designs. Furniture designs are described in detail and shown in color and black-and-white photographs, all from the Herman Miller archives. An essay on the history of the office, designer biographies, company chronology, appendix, bibliography, index, and value guide make this book essential for collectors, dealers, curators, designers, and other devotees of modernism. Herman Miller was the first American company to design and manufacture exclusively modern furniture. From the 1930s, Herman Miller has been a leader in modern design. The same company also led the office revolution and is a name synonymous with the best modern contract furniture. From Action Office I of the 1960s to the Aeron Chair of the late 1990s, Herman Miller has consistently introduced designs that have become classics that are being collected along with the residential icons of modernism.

About the Author Leslie Pina, Ph.D., is the author of *Fifties Furniture*, *Classic Herman Miller*, *Graphic Herman Miller*, *Herman Miller Interior Views*, *Furniture 2000*, and many other books on decorative arts and design, and arranged for the reprinting of the Herman Miller 1939, 1940, and 1955/1956 catalogs.
