History of the American clock business for the past sixty years

Chauncey Jerome : History of the American clock business for the past sixty years before purchasing it in order to gage whether or not it would be worth my time, and all praised History of the American clock business for the past sixty years:

0 of 0 people found the following review helpful. Good book for fans but make sure you know what you are buyingBy Donna L. PerryYou have to know what is in this book before buying. Print is faded and hard to read in many places.2 of 2 people found the following review helpful. A fascinating look into the pastBy Florida ClayIf you love clocks, or would just enjoy a peek into the early 19th century, you will enjoy this book. Chauncey Jerome was a major player in the early days of Amercian clock making and knew most of the other early players. He led a roller coaster life from

poverty to wealth and (with the "help" of P.T. Barnum) back to poverty. It is an easy read written in a conversational voice--well worth the few hours it will take to read through it.0 of 0 people found the following review helpful. Five StarsBy William OlsonInteresting history of Chauncey Jerome.

History of the American clock business for the past sixty years. And life of Chauncey Jerome, written by himself. This book, "History of the American clock business for the past sixty years", by Chauncey Jerome, is a replication of a book originally published before 1860. It has been restored by human beings, page by page, so that you may enjoy it in a form as close to the original as possible.
