Home Decor for 18" Dolls

Joan Hinds : Home Decor for 18" Dolls before purchasing it in order to gauge whether or not it would be worth my time, and all praised Home Decor for 18" Dolls:

0 of 0 people found the following review helpful. Happy With My Purchase of Home-Decor for 18-Inch DollsBy thrifty shopperI am enjoying the Home Dcor For 18-Inch Dolls. There are some good ideas and easy to follow instructions for projects that I cannot wait to try when I start the project of making doll accessories for gifts in the near future. Glad I ordered this book. Having said that, I should warn anyone who plans on making wooden furniture for dolls, this is not the book for you. Many of the suggested places to buy this furniture are not in business anymore. However, for the novice, like me, there are some excellent suggestions and ideas for sewing and other projects for all dolls.1 of 1 people found the following review helpful. Home Decor patterns only include items that accent the furniture.By Charlene L.I really like her books but, this one was just a bit disappointing. It's probably my own fault for not reading closely enough. The home decor part is just stuff to put ON the furniture. Unless you have the furniture,

the only useful part is the clothing patterns. Also, most of the home decor part is useful instruction for beginners. Anyone with much experience, wouldn't even need the patterns for most of the rest. 3 of 3 people found the following review helpful. LOVE this pattern book! By K. Dodds I bought this book in hopes to find some simple ideas to make easy furniture for my daughters to play with their dolls with. I love it! The patterns are easy to follow, and the variety of room settings makes for hours of fun. I only wish we had more space so I could make more of them!

This text features a collection of ten expertly crafted furniture room settings as well as fashionable clothing and accessories for 18-inch dolls, including brand-named ones such as American Girls, Creative Friends and the Springfield Collection.

About the Author Joan Hinds, has written numerous books containing sewing patterns for 18-inch dolls. In 1989, Hinds and former partner, Jean Becker, formed Fancywork and Fashion, a company marketing doll costuming books and accessories. She is also author of *World of Embellishment*, a book published by Krause Publications in 2002. She lives in Duluth, Minnesota.
