How To Keep Your Collector Car Alive (Motorbooks Workshop)

Josh B. Malks : How To Keep Your Collector Car Alive (Motorbooks Workshop) before purchasing it in order to gauge whether or not it would be worth my time, and all praised How To Keep Your Collector Car Alive (Motorbooks Workshop):

0 of 0 people found the following review helpful. Many Excellent Product RecommendationsBy JoeThis book is full of excellent product recommendations to increase the beauty and prolong the life of your collector car. The book is very well written and covers many areas of concern - cosmetic, mechanical, and electrical - to the owners of collector cars.0 of 0 people found the following review helpful. Good book!By Howard LeistVery helpful ideas!0 of 0 people found the following review helpful. Informative and helpful.By Daniel A. CarbonaroGood book with many tips to keep your old car young and looking great. I have used a number of tips from this book to keep my 1967 Corvette looking and running great.

When you own a collector car, you want to spend a little time in the garage and a lot of time out on the road enjoying

your ride. *How to Keep Your Collector Car Alive* will help you to do just that. Author and car collector Josh B. Malks offers practical instructions, handy tips, and down-to-earth solutions to the day-to-day challenges of owning a classic car in the modern car world. Whether its choosing a motor oil, converting to modern tires, safety in your garage, or maintaining older electrical systems, *How to Keep Your Collector Car Alive* has the answers to your questions. With color photos and useful diagrams throughout, as well as information on the latest products and maintenance techniques, this handy reference is an essential tool for all collector car owners.

Direct and to the point, the book dives right into the details that escape most of us in even those areas in which we have the most experience. Malks has done an excellent job of bringing a variety of equally interesting and not generally well-understood topics to the forefront. This one is worth having and reading. - Bill Kennedy, *The Flying Lady*
