It's All About Accessories Styles for the World's Most Fashionable Doll, 1959-1972

Hillary Shilkitus James : It's All About Accessories Styles for the World's Most Fashionable Doll, 1959-1972
before purchasing it in order to gage whether or not it would be worth my time, and all praised It's All About Accessories Styles for the World's Most Fashionable Doll, 1959-1972:

13 of 13 people found the following review helpful. Helpful bookBy LauraThe book is not 100% accurate, and the pricing is wayyy off in both directions, I think its a great book and every Barbie fashion collector NEEDS to have this! If you ever sell items, this book can save you from big mistakes. I have had several items I was able to identify, and I also almost sold some items for \$20, but thankfully saw they were worth more and received \$68 so I am very thankful for the book. I think the pages should have been more condensed.5 of 5 people found the following review helpful.

Almost completeBy Mary MeinsAlthough some accessories are not included, this book is a must have for every vintage Barbie collector. The photos are large and clearly show the detail of most items. I am hoping that a revised

edition will be published in the future that will include the missing items. Also, it does not have the accessories from the later mod era, such as the Best Buy and Get Up and Go outfits. Some of these items are just as difficult to identify as the ones from the early years. Overall, I highly recommend it. 11 of 11 people found the following review helpful.

For those who want to find out more about the accessories that came with the fashions or more about the accessory packs, I suggest this book. The photos are in color and the pictures are of good size. Values are listed as well. This book also lists the accessories for Barbie family and friend dolls.

When today's Barbie doll collector puts together an outfit for the world's most fashionable doll, they soon find out that the bulk of the value lies in the shoes, hats, gloves, jewelry, and other important accessories. This reference guide is decked out with more than 1,700 images of accessories for Barbie, Skipper, Francie, Ken, and other fashionable dolls that were available from 1959 to 1972. Complete with values and a cross-referenced description of the outfits each accessory came with, this identification guide is an authority for collectors and a fun addition to any fashionista's library.
