ExcellentBy Heady McNuggetI bought this after watching Mr. Saunders' jsbachguitar1 YouTube videos (Which are absolutely incredible), specifically BWV 848 Prelude in C Sharp Major made me decide to purchase his transcription so that I could learn how to play it. As he writes on the booklet, "Maintaining multiple voices with a mere four digits on one hand as opposed to five digits on two separate hands is no small task, but with this booklet you will find the necessary tools to tackle and enjoy these beautiful pieces." I am loving the challenge of learning to play BWV 848 (The only one I've attempted to learn so far) and I am sure that the transcriptions of the other pieces are of the same high quality. The transcriptions are made as clear as possible, with precise methods for both hands. I have so much gratitude and respect for Mr. Saunders for figuring out how to play these pieces and transcribing them, as well as for the way that he plays them flawlessly on his YouTube channel. Truly

awe-inspiring!

BWV 776, BWV 800, BWV 825, BWV 848, BWV 858; 5 detailed arrangements for Classical Guitar.
