Japanese Coinage: A Monetary History of Japan

Norman Jacobs, Cornelius C. Vermeule III : Japanese Coinage: A Monetary History of Japan before purchasing it in order to gage whether or not it would be worth my time, and all praised Japanese Coinage: A Monetary History of Japan:

1 of 1 people found the following review helpful. Japanese CoinageBy Joseph N. Chapagreat bookgot all of my coins ID to the proper year and know who made them and the amount of gold,silver,glan i got this book,now i can go on Ebay with the information in hand to bid on the coins.0 of 0 people found the following review helpful. Five StarsBy Disable VeteranA good reference.2 of 2 people found the following review helpful. Now supercededBy DCHNow

superceded by "Early Japanese Coins" by David Hartill, which contains far more detail of coin types. Also a Finding Guide to the complex Kan Ei series.

This is the first comprehensive book on Japanese coinage ever published in English. The authors were Lieutenants in the US Military stationed in Japan during occupation from 1945 to 1952. They had access to the treasury of Japan and to all of the coins ever minted there. This gave them access to every kind of coin. Their work has been much copied but has never been exceeded.

About the AuthorThe authors were Lieutenants in the US Military stationed in Japan during occupation from 1945 to 1952. They had access to the treasury of Japan and to all of the coins ever minted there. This gave them access to every kind of coin.
