The three elegant books of this series showcase exquisite collections of jewels and objets d'art, many from the world-famous auction house, Christie's. Each is lavishly illustrated with over 150 full-color specially commissioned photographs covering different historical periods and styles. Details the finely crafted construction and materials used in each piece, as well as its individual history. You will marvel at Faberge's famed Easter eggs, Lalique's masterpieces in glass, and a stunning collection of vintage and modern jewelry. Series includes: Jewels, Lalique, and Faberge.
