Juliana Jewelry Reference, DeLizza Elster: Identification Price Guide

Ann Mitchell Pitman : Juliana Jewelry Reference, DeLizza Elster: Identification Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Juliana Jewelry Reference, DeLizza Elster: Identification Price Guide:

9 of 9 people found the following review helpful. Great guide for learning DE jewelryBy Rebecca A. FranswayThis book is my favorite among recently published costume jewelry guides. Most helpful is the way the different types of jewelry are grouped together, making it easy to remember--stones, types of settings, designs and styles. It opened my eyes to a lot of Delizza Elster jewels I didn't know about. Yay for the author; all of her books are in my library, but this is the best!5 of 6 people found the following review helpful. Outstanding DE Guidebook - Best on MarketBy Betsy's BijouxI cannot state too emphatically that this book is wonderful! It is all I expected and more, offering beautiful photographs with clearly written and well researched text. Ann has poured her heart and soul into this book and it shows. This is the first DE reference that I have seen in which the author took the time to correspond with Mr.

DeLizza (the D in DE) for authentication of jewelry and answers to long standing questions. All this and glorious, sparkling, breath taking photos of some of the most spectacular pieces of jewelry I have seen. If I could, I would have given this book 10 stars as that is what it truly deserves. Now - where's volume two???1 of 1 people found the following review helpful. Five StarsBy Susan M.H.Great informational story and photos

The latest offering from renowned author Ann Mitchell Pitman features the dazzling jewelry designs of DeLizza Elster, a company known to jewelry lovers the world over as Juliana. This all-new reference book, targeted to collectors both novice and experienced, showcases a vast variety of vintage jewelry from a prolific manufacturer, one whose designs debuted in 1947 with simple, crystal rhinestone pieces and progressed to bolder, high-glitz bijoux in the 1990s. Special facets of the book include photographs and in-depth information about findings, chains, rhinestones, art glass, and beads employed; a crucial timeline chronicling when specific jewelry was designed; and key terms used by the manufacturer. Full-color photographs capture many complete sets, including alternate color versions of single designs, and in some cases, varying motifs in pins, brooches, and earrings designed for each set. Signature attributes and construction methods show collectors how to determine for themselves if a piece of unsigned jewelry is actually the product of this high-profile jewelry house.

As a collector of vintage costume jewelry this is a MUST HAVE if your interested in researching and knowing how to identify Juliana, (D E), Delizza and Elster jewelry. I have several Juliana books and will be using this one for further identification, it contains many I have never seen before and shows a whole other side of what is out there. The photography is exceptional, it is packed with all color shots that you could almost pick up off the page...P.C. MorseAbout the AuthorAnn Mitchell Pitman has been the author of a monthly newspaper column, 'Inside the Jewelry Box,' since 1996. She has interviewed many experts and authors over the years and taken photographs of their collections. Her book, which shares the same name as her column, was published in 2004.
