Stuart Johnston : Karmann Ghia (Osprey Classic Marques) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Karmann Ghia (Osprey Classic Marques):

By buickplus Very superficial book devoted mostly to the art of the Karmann Ghia rather than the details of the marque's history. Well printed, but definitely not what I was looking for. 0 of 0 people found the following review helpful. Book is good, good service By Lindsey C. Book is good, good service, I'm happy.
