Kennedy Half Dollar 1964-2002, Album

Whitman : Kennedy Half Dollar 1964-2002, Album before purchasing it in order to gage whether or not it would be worth my time, and all praised Kennedy Half Dollar 1964-2002, Album:

Unfortunately, the coin slots are very tight. a characteristic of all Whitman albums, and probably beyond the capabilities of a young collector. I had to get really forceful to get the coins in the slots and on a couple of occasions, punched right through the back plastic and (thin) rear paper cover. I tried all of the ways to put the coins in the slots and found that the most successful was top to bottom slide. But even that is not easy. Fortunately, the torn rear covers are repaired nicely with a narrow piece of clear tape.The main advantage of this album, to me, is that it does not have (require) all the different varieties of JFK half dollars to be a nice looking, complete collection and will make a nice addition to my American Presidents collection.0 of 0 people found the following review helpful.
