3 of 3 people found the following review helpful. Excellent book for learning knotsBy Happy CamperExcellent book for learning knots. Pictures clearly show the steps and compliment the written directions well. The descriptions for the knot provide use information as well as a little history on the origins.1 of 1 people found the following review helpful. Hours of FunBy JanBI bought the book for our coffee table at our mountain getaway, along with a shank of rope. All of our guests and family are immediately drawn to it and play around with the knots. We hear stories from their childhoods and experiences in life that involved knots and knot tying practice. So much fun!2 of 2 people found the following review helpful. great productBy edmondVery informative and well written book.Easy to follow pictures and illustrations.I really enjoy having this book as a valuable reference.
