Jane Renolds : Knots: Your Complete Step by Step Guide to Knot, Knot Uses Knot Tying before purchasing it in order to gage whether or not it would be worth my time, and all praised **Knots: Your Complete Step by Step Guide to Knot, Knot Uses Knot Tying**:

1 of 1 people found the following review helpful. It's a book on knotsBy TCPretty basic book on knots. Not much more to say.0 of 0 people found the following review helpful. Handy Reference ToolBy Krizziebought this book the day after I received my Kindle and have been quite impressed with it. This book shows you how to tie a variety of knots. The illustrations are great and the text supplements the illustrations well. Properly tied knots keep the line strength maximized while being easy to untie. I would recommend this book for anyone wanting to learn about knots or just refresh their memory.0 of 0 people found the following review helpful. This book is the best Ebook I ever had so far because of how ...By Veronica D.This book is the best Ebook I ever had so far because of how interesting and real life lessons I can get with it. This book about different kinds and types of knots will surely help me in the future. Having to know this things helps me to be aware of the great uses of knots and how to effectively tie good knots when having a specific situation/s.
