Krause-Minkus Standard Catalog of U.S. Stamps 1999

From Brand: Krause Pubns Inc : Krause-Minkus Standard Catalog of U.S. Stamps 1999 before purchasing it in order to gage whether or not it would be worth my time, and all praised Krause-Minkus Standard Catalog of U.S. Stamps 1999:

2 of 2 people found the following review helpful. No cross reference to Scott because they are no longer doing this. By B. KlockarsAs was promised, my desire was to find a useful cross reference to Scott numbers to make sense of my Minkus albums which use a different numbering system. However, they no longer publish nor provide the document promised in the album with its purchase. This is a totally useless publication because of that. Few books should be destroyed but this one should be shredded and used as recycled paper on which anything of value might be distributed. Useless made useless by the publisher. Hold it responsible!0 of 0 people found the following review helpful. Three StarsBy Doggsomewhat helpful.
