Lalique By Lalique: Glass Vases, Perfume Bottles Tableware

Gorringe Antiques : Lalique By Lalique: Glass Vases, Perfume Bottles Tableware before purchasing it in order to gage whether or not it would be worth my time, and all praised Lalique By Lalique: Glass Vases, Perfume Bottles Tableware:

3 of 3 people found the following review helpful. Great book for glass collectorsBy Bookworm KingLalique was an amazing designer, this book is a great resource for anyone interested in fine art glass, the photographs in the book document nice close ups of vases and perfume bottles (with reference numbers.) It doesn't focus solely on high ticket price items like so many other books, it covers more affordable lalique glass pieces. If you haven't seen lalique's work

before then this is a nice guide to wet your appetite, if you're a serious collector then this is a nice addition to any library. The book explains how to examine lalique for genuine models and provides background history, its concise, informative, and great quality!

Inside this book, you will find a stunning collection of Ren Lalique's early 20th century glass pieces, including glass vases, perfume bottles and tableware. This full colour paperback is not a price guide, it's an essential book for anyone who is new to collecting Lalique glass, and all glass enthusiasts. The contents include some of Lalique's most iconic glass sculptures, Lalique Glass Buying Tips, A Brief History of Lalique, and a fascinating insight into the great glass designs of Ren Lalique.
