could make all of the cute bracelets I see in the stores. This book has gorgeous pictures, and clear instructions with step by step diagrams for women's bracelets, and even a few for men. Some of the bracelet styles are so pretty, that the book even suggests making it longer to wear as either a necklace or wrap-bracelet. I love that! My husband even looked thought the book and asked me how I thought he would look wearing one of the men's style bracelets (and he doesn't wear ANY jewelry except for his wedding ring!!) I'm ordering supplies today, and can't wait to start making bracelets!0 of 0 people found the following review helpful. Great book, very informative.By A.
