Lesney's Matchbox Toys: The Superfast Years, 1969-1982

Charlie Mack : Lesney's Matchbox Toys: The Superfast Years, 1969-1982 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lesney's Matchbox Toys: The Superfast Years, 1969-1982:

0 of 0 people found the following review helpful. A bit difficult to decipher. By Frank Seelye The book was as advertised. It wasn't the easiest to interpret and could have been laid out far better in my opinion. A lot of photos but not a lot of information overall. Once I put some time in I figured out what the author was trying to express. An overall good reference to a new collector like myself. 0 of 0 people found the following review helpful. fair book By LJ For those of you who like the Superfast matchbox cars, you'll like this book. It gives a good comprehensive guide to the cars as well as their value. Only not their scale. 0 of 0 people found the following review helpful. Five Stars By OldSchoolCollector As described. Thank You

The most popular die cast toys in the world, Matchbox metal vehicles took on a new look in 1969 with the introduction of the Superfast line, and this new edition documents them all. The diversity of these tiny toys is truly amazing. Written as a sequel to another popular volume, Lesney's Matchbox Toys, Regular Wheel Years, 1947-1969 (Schiffer, 1992), author Charlie Mack has compiled clear color illustrations of the toys and accurate text to identify all the variations in details which make each toy so recognizable and collectible today. This 3rd edition features an updated Price Guide that is helpful to collectors who search for elusive and rare models at today's swap meets, toy and antiques shows, or flea markets.

About the Author Charlie Mack is the dedicated editor of a national Matchbox collectors magazine, the founder of the Matchbox Museum in Durham, Connecticut, and the most enthusiastic supporter of collecting Matchbox toys as a hobby.
