Let's Weave Color Into Baskets

Pat Laughridge : Let's Weave Color Into Baskets before purchasing it in order to gage whether or not it would be worth my time, and all praised Let's Weave Color Into Baskets:

0 of 0 people found the following review helpful. Let's Weave Color into Baskets Pat LaughridgeBy MissyI bought this book because I didn't have it in my collection. I really enjoyed looking at it and got several ideals I wanted to use in my baskets. I would recommend it and I am happy to have it.0 of 0 people found the following review helpful. Older but just as relevantBy sybs245This is a great book for the beginning weaver. It goes into great detail with every step of weaving. I like the pink twill pattern which I will make as soon as possIble.

Out of love for making baskets and the creation of a highly successful business for doing so, Pat Laughridge has written Let's Weave Color into Baskets. Ms. Laughridge introduces the reader to the joy of making baskets and the creative possibilities of adding color to them. Chemical dyes are discussed with step-by-step instructions for their use. Many finished examples with color woven into them are presented to stimulate the craftsman's creativity. The author

encourages individual design. Hereby, the craftsman can turn his basket into a work of art. Three sets of weaving instructions are included which are exciting enough to tempt the weaver of some experience; a field basket, a house basket and a market basket. The variations that color gives these projects are stimulating.
