(Download free pdf) Ramsay's British Diecast Model Toys Catalogue

Ramsay's British Diecast Model Toys Catalogue

From Warners Group Publications : Ramsay's British Diecast Model Toys Catalogue before purchasing it in order to gage whether or not it would be worth my time, and all praised Ramsay's British Diecast Model Toys Catalogue:

1 of 1 people found the following review helpful. Fantastic Diecast Catalog for Collectors!By Corgi KidI have been collecting diecast toys for nearly 40 years, mostly Corgi, Dinky, Matchbox, etc., and have found Ramsay's British Diecast Catalogue to be a complete resource for me. It has been difficult to find a complete and informative price guide for my collection, as many price guides were outdated or did not show complete collections. I did some research online and found that this is the "authority" on British diecasts and took a chance and got a copy from . I have found that many collectors use this guide in evaluating their collection before being sold at estate sales and online auctions. I believe the next edition (13th) is coming out soon. If you are looking for complete makes of British diecast, model numbers, descriptions, variations, and prices, well, this is it. It is worth the \$30+ price if you wish to know the value of

your collection. Thank you !1 of 6 people found the following review helpful. PriceBy Peter J. WhatleyAs soon as I can justify the very high cost of this book (almost \$40) I will buy it and send a proper review. PW
