## Remember Pearl Harbor: Collectibles

**Frank B. Arian, Martin S. Jacobs : Remember Pearl Harbor: Collectibles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Remember Pearl Harbor: Collectibles:

1 of 1 people found the following review helpful. Too light to be a guide, too big to be a sidebarBy James D. Crabtree  
This book looks at souvenir and patriotic items produced following the Japanese attack at Pearl Harbor. Certainly not all-inclusive, it does have enough "bric-a-brac" to give the reader a feel for the kind of items being made at the time. However, little or no info on each item, although strangely a few pages have numbered the items displayed (there are no keys for these items). If you are really interested in the home front following Pearl Harbor then this book is probably for you!Includes photos and and minimal information on the Pearl Harbor attack.0 of 0 people found the following review helpful. WE'LL NEVER FORGETBy Joseph H. Race  
This is a great review as things were in 1941 right after the Pearl Harbor attack by the Japanese. It's a significant lesson on how the country felt and how we became united against two enemies - Germany and Japan. Many of the collectibles are listed in full living color....well done. I

liked the sidebars where some of the heroes were discussed. This would be a nice addition to anyone in the collecting and antique business or hobbies...Enjoy! 1 of 1 people found the following review helpful. Beautiful Memory-Jogger Helps Us Remember Pearl Harbor !!By Irvin Goodman This is a great new 88 page book loaded with photos of every type of Pearl Harbor memorabilia. It features more than 300 large, sharp, black and white and over 80 full color photos. After the brief introduction, each page is full of memories. Major categories include newspapers, decals and patches, postcards, gum cards and matchbooks, post cards, pennants, banners, letters, postal covers, 3-D items, jewelry, movies, books, magazines, plaques and plates, and more. Items are described as appropriate. A separate price guide identifies each item by page number and description, along with the current value. WW II collectible fans will enjoy seeing the featured items and the memories that go along with them. Add it to your collection.

The Japanese bombing of Pearl Harbor compelled American into World War II and also resulted in a flood of items acknowledging this critical and pivotal event. Over the ensuing decades, a collector's market has sprung up based on the wealth of variety of materials from the period. These range from posters and placards to postcards and pins, from banners and stationary, to cigar wrappings and ladies underwear. Highly recommended for both nostalgic reminiscing and collector references, Remember Pearl Harbor Collectibles is an impressive, 88-page compendium surveying these special collectibles through a wealth of both black-and-white as well as full-color
