This is a very well written and understandable book. ...By Phil in OhioThis is a very well written and understandable book. it is one of the two absolutely essential references for any jeweler or hobbyist who wants to understand, maintain, or restore the mechanism or any part of the 400-day clock, sometimes called anniversary clocks. The other (Number One) essential book is Horolovar 400 Day Clock Repair Guide, by Charles Terwilliger, to which Mr. Rabushka makes frequent reference. With these two books, you are covered, although several others, of lesser importance and usefulness, are available.1 of 1 people found the following review helpful. Good general operational guide...By G. EvansThis is a very good book for learning all the basics on how to service a 400 day clock, but it isn't clock specific like other books are. Make sure that you buy a book that

covers your brand of clock for more detailed information. Overall this is a great reference book to go back to if you want to refresh your memory on clock cleaning and operating principles. If you can buy a used book then do so and save some money. 1 of 1 people found the following review helpful. One of the two books that are must haves for 400 day clock repair library By Scotty Dean The necessary companion (especially if fairly new to 400 day clock repair) to Terwilliger's book. We use in a professional repair shop for information and pointers on models not seen before, or unique problems.....

This is the most comprehensive repair manual that describes, in fully-illustrated detail, every aspect of 400-day clock repair for the novice as well as the professional. Providing detailed analysis of each part of the 400-day clock, *Repair and Restore Your 400-Day Clock* will teach you how it works, why it works, and how to determine when it is faulty. Two full chapters are devoted to the suspension spring alone, making this the most hands-on repair manual ever for the 400-day clock. The restoration of these unique and cherished clocks will bring an unparalleled measure of satisfaction to their owners.
