**Kesaharu Imai : Rolex: 3,621 Wristwatches** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rolex: 3,621 Wristwatches:

0 of 0 people found the following review helpful. Great Reference for the Rolex Connoisseur. By Russell Pereira Brilliantly descriptive, but only with photos. All models have been categorised well with minimal descriptions, but to a well-educated Rolex fan, this is really all that's really necessary if you're searching for your next elusive Rollie. A must-have for any serious Rolex Fan. 0 of 0 people found the following review helpful. it has tons of great color pictures that are very clear. By roberto ruiz this book is worth having. it has tons of great color pictures that are very clear. 0 of 0 people found the following review helpful. Four Stars. By Ricardo B G Valle Ok

In this virtual catalog of Rolex wristwatches, collectors and buyers will find 3,621 wristwatches in over 14 different model lines: Oyster, Bubbleback, including Chronograph, Submariner, Explorer, and more. Each watch is shown in full color, with the most important technical details as well as reference numbers, and year of manufacture provided.

This variety of information is of inestimable worth for the wristwatch collector and buyer. In one place, for example, they can see the typical Oyster from the 1940s and nearly all the case and dial variations that were available. The same applies to all the lines made by Rolex. In short, for everyone who collects Rolex or only wants to acquire a beautiful vintage wristwatch with the crown this book an absolute must.
