I now have Patek, ALS and Rolex in my collection. 0 of 0 people found the following review helpful. Good read! I learned a lot. By Tere Patterson My expectations were low getting this book, but I learned a great deal about the history of these terrific timepieces. I would recommend it to anyone who's in the process of purchasing one of these high end watches. I'd be willing to bet that the majority of Rolex owners don't know any of the information that is in this book. 0 of 0 people found the following review helpful.
