Roman Coins and Their Values Volume 5

David Sear : Roman Coins and Their Values Volume 5 before purchasing it in order to gage whether or not it would be worth my time, and all praised Roman Coins and Their Values Volume 5:

1 of 1 people found the following review helpful. A Fine Information ResourceBy Joey BelizeThe last book in the series and, as the others are, excellent in all respects and a must for the collector of Roman coins.1 of 1 people found the following review helpful. a must for Ancient Roman coin collector AD 337-491 Worth ...By Michael Goodmana must for Ancient Roman coin collector AD 337-491 Worth the priceI bought Vol 4 had to have five after using Previous Volume1 of 1 people found the following review helpful. A must for ancient coin collectors.By MikeNExcellent reference guide for serious collectors. I use this just about every day. Very detailed yet easy to use.

The current revision of this popular work marks a radical departure from the envisioned aims of the original edition. This fifth and final volume of the 'Millennium edition' contains a comprehensive listing of the Roman coinage of the period AD 337-491 together with background information on the history of each reign and the principal characteristics of its coinage. The catalogue is organized primarily by ruler with the issues then subdivided by denomination and by reverse legend and type.
