However I was unable to purchase in this country and after some attempts in the UK, went exploring on the internet. I am now the proud owner of the 3 of the volumes - albeit missing Volume II (Vol.2).Being a new collector of Doulton ware, I didn't want endless information about the product(s), just enough to have a good understanding of dates, times, periods, production,design and marks. All of this is available in these easy to read, easy to handle books. I am really thrilled with them and know that I will enjoy them for life.Thank you for taking the time to read this and I sincerely hope that you enjoy this series as much I do.Jo-AnneWellington
