Russell's Standard Fashions 1915-1919

From Dover Publications : Russell's Standard Fashions 1915-1919 before purchasing it in order to gage whether or not it would be worth my time, and all praised Russell's Standard Fashions 1915-1919:

0 of 0 people found the following review helpful. Very useful bookBy meI find this book very useful as a catalogue of middle class fashions of the WW1 era. There are a lot of interesting details on the clothing.0 of 0 people found the following review helpful. Great for costume references.By RochelleA lovely selection of vintage fashion designs. Includes detailed descriptions of the garments, which is extremely useful for costume design.3 of 3 people found the following review helpful. A great resource!By chintz22This is one of the books I reach for time and time again. The fashions are stylish but not out of the realm of possibility for the average woman of the time. I also love the narrow, four year time frame--the book really gives you a great overview of the move away from the fussier victorian styles to the more streamlined precursors of the 1920s tunics. I've gotten a lot of ideas for sewing out of this book and the

illustrations are charming. Five stars overall!

Entertaining selection of pages from specialty shops catalogs includes over 1,000 illustrations of suits, coats, dresses, hats, shoes, neckwear, patterns and fabrics for womens and childrens apparel, and more. Delightful "windows to the past" for nostalgia buffs; indispensable sourcebook for dating and identifying vintage clothing.
