Sacagawea Dollar Album

Whitman Coin Products : Sacagawea Dollar Album before purchasing it in order to gage whether or not it would be worth my time, and all praised Sacagawea Dollar Album:

WilsonThe binder I received was in great condition and exactly as I expected based on owning other Whitman coin albums. However, the book arrived with dated pages for the year 2000 through 2002 with a single 'blank' page. This gives only enough room for coin years 2000 - 2005 as shipped and the individual pages for this particular book are extremely difficult to find (plus, you're now spending an additional cost for at least 3 more pages (just to get through to the year 2014).I'd simply advice being careful when purchasing and attempting to determine for sure if you're able to get a more updated (in terms of the marked pages and years) version.1 of 1 people found the following review helpful. Not Worth It To MeBy J, Carter WattsI had been led to believe that this album would come up to date. It only covers the years 2000-2002. Now I will have to buy extra pages to bring it up to 2016. The pages will cost as much as the album.0 of 0 people found the following review helpful. Five StarsBy Ernest C. LoweComplete plus more

To celebrate the release of the new Sacagawea dollar coin in early 2000, Whitman is pleased to offer a new 2-page album that will hold coins from the Denver, Philadelphia, and San Francisco Mints beginning in 2000.
