Identifies and values sci fi items from the 30's to 90'sBy Irvin GoodmanUseful guide covers nearly every category of sci fi collectible for the 70 year period. Provides over 500 black and white and nearly 100 full color photos. Items are arranged by categories, ranging from books, magazines, models, statues, and toys, to trading cards. A very comprehensive index lists nearly 800 items with page numbers, so any product can be located instantly. Each topic includes a brief background description. A grading guide is included, and a value is established for each listing. Almost every type of sci fi collectible can be found in this most comprehensive guidebook. Very useful.

Featuring more than 500 black-and-white photos, 16 pages of full color photos, and value listings for thousands of

science fiction collectibles, this comprehensive guide contains information for action figures and vehicles; rays guns, robots, rocket ships, and other toys; memorabilia and collectibles; and books and magazines. It also gives an overview of the genre, from the pulp magazines and comic strips of the 1930s to "Star Trek: The Next Generation" memorabilia of the 1990s.
