## Scott 2012 U.S. Pocket Stamp Catalogue

**Charles Snee : Scott 2012 U.S. Pocket Stamp Catalogue** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scott 2012 U.S. Pocket Stamp Catalogue:

3 of 3 people found the following review helpful. Small US Stamp CatalogueBy PhoxxeyThis is a great way to look up US stamps in a small book because it has them all! My only problem is that it's a bit difficult to read as one gets older.1 of 1 people found the following review helpful. Clear and conciseBy C. Spencer BaileyNice and clear photos and easily understandable. I wish I had been smart enough to realize this was a pocket version. I was paying more attention to the price. I'd rather have the full size book.3 of 3 people found the following review helpful. Handy ReferenceBy wombatA great little book for pricing, cataloging and informing the philatelist or novice that wants or needs the latest information!

An extremely affordable and versatile catalogue that features more than 4,000 stamp values along with hundreds of full color stamp illustrations all identified by Scott Catalogue numbers. The pages are designed to serve as a handy

inventory checklist. The 2012 edition features the lay-flat spiral binding hidden behind a hard cover spine.
