Scott Specialized Catalogue of United States Stamps Covers 2007

From Brand: Scott Publishing Company : Scott Specialized Catalogue of United States Stamps Covers 2007
before purchasing it in order to gage whether or not it would be worth my time, and all praised Scott Specialized Catalogue of United States Stamps Covers 2007:

0 of 0 people found the following review helpful. Five StarsBy Tibor I WaldnerVery informative fine catalogue1 of 1 people found the following review helpful. A Must Except...By zipperThis book is a must for the serious stamp collector. The color representations are excellent and the reference information is more than helpful. The only limitation is that it has is no index similar to that found in the "Guide to U.S. Stamps". However, I imagine that it would be too difficult to create with the vast amount of information there is. Overall I am very happy with the "Specialized Catalogue" and will continue to purchase it yearly.0 of 0 people found the following review helpful. great resourceBy nick h.laningathis comprehensive catalog is a great resource,even though outdated, when you need to evaluate and stamps. all collectors should try to secure their own copy of a Scott's specialized catalog.
