I bought a 2015 used in perfect condition instead of a 2017By Jim LeischowAs an update for my 1988 Scotts, I bought a 2015 used in perfect condition instead of a 2017, for a third of new price. My interests are classics up to about 1932, so didn't really need any recent information. I didn't realize the illustrations are in color so this may well be the last US Specialized I will every buy.1 of 1 people found the following review helpful. Stamp Catalogue...Just what the Doctor ordered!By Dr. BobbyClean, hardly used catalogue arrived ahead of schedule, properly wrapped and ready for use. By the way the customer reviews were helpful in steering me

to an earlier edition at considerable savings! Thank you! 4 of 4 people found the following review helpful. Five Stars
By Darinda Everything I expected and wanted. Fast and efficient.

The 93rd edition of Scott Specialized Catalogue of United States Stamps and Covers continues its tradition of being the most extensively researched and in-depth reference on U.S. stamps. Highlights among the long list of improvements and additions include: A complete rework of the 1954-73 Liberty definitive series listings. Dozens of new revenue listings in the Danish West Indies and the U.S. Virgin Islands. New cancellation listings, starting with Scott number 12. More than 7,800 value changes. The addition of a large number of new postage errors. Expanded listings for uncut press sheets. Updated and revised census of registry labels.
