Scouts in Bondage: And Other Violations of Literary Propriety

From Brand: Simon n Schuster : Scouts in Bondage: And Other Violations of Literary Propriety before purchasing it in order to gage whether or not it would be worth my time, and all praised Scouts in Bondage: And Other Violations of Literary Propriety:

1 of 1 people found the following review helpful. Wasn't what I anticipated. I mild let down. ...By William WagnerWasn't what I anticipated. I mild let down. I thought the content would be different. I guess it's true, you can't tell a book by its' cover.1 of 2 people found the following review helpful. skip itBy SamuelDavidAdamsnot the real thing huge waste of money15 of 15 people found the following review helpful. A humorous delight for bibliophilesBy F. Orion PozoScouts in Bondage is a photographic collection of book covers of titles that have not withstood the test

of time. Compiled by a retired British secondhand book seller, this is an amusement for the bibliophile with a taste for the double entendre. It is a very short book with minimal text, highlighting about 45 photos of book covers whose intent was serious at the time but, over time, have developed unintended secondary meanings. Facing these covers is the bibliographic details (Author, title, publisher, date, and size) and occasional excerpts or additional information to add to the amusement. Being an engineering librarian, I was especially drawn to the technical titles gone wrong such as: The Resistance of Piles to Penetration and Hardening and Tempering Engineers' Tools as well as the illustration of the goddess Hygieia holding a water closet pull chain on the cover of The Modern Plumber and Sanitary Engineer.

Book by

About the Author During his years as the proprietor of a secondhand bookshop in the ancient coastal town of Lewes, England, Michael Bell delighted his patrons with his array of books essential to any serious collector of humor.
