Schiffer Publishing Ltd : Seneca Glass, Stems, Etchings, Cuts and Patterns : A Guide to Catalogs and Prices (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Seneca Glass, Stems, Etchings, Cuts and Patterns : A Guide to Catalogs and Prices (Schiffer Book for Collectors):

2 of 2 people found the following review helpful. More useful for more modern patternsBy kms2135I had hoped for more early patterns. Most of the patterns in the book are from 1950 onward. And the early patterns are just illustrations, with the details sometimes hard to see. Some photos of actual pieces would have helped.

The first of its kind, this authoritative reference guide identifies and documents hundreds of patterns, cuts, stems, and

etchings designed by the prolific Seneca Glass Company during its ninety-two years of production. It includes a comprehensive reprinting of a broad range of Seneca catalogs from 1891 to 1983, original company advertisements, a brief company history, a table listing all identifiable patterns, and a price guide. This book is an invaluable resource to collectors, dealers, and admirers of American glasswares.
