Service Station Collectibles (Schiffer Book for Collectors)

Rick Pease : Service Station Collectibles (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Service Station Collectibles (Schiffer Book for Collectors):

A variety of oil company-related items from small "give-aways" to hundreds of colorful oil cans, globes, and signs are presented here. The products of major national companies like Gulf and Texaco share space with many smaller and specialized products of marine, automotive, aviation, locomotive and small engine lubrication. The book has sections covering gasoline pumps, maps, badges, buttons, and signs for the refreshment sodas sold at the service stations. Over 500 color photographs present the graphics which make this area of advertising and packaging so entertaining. Current market values of the items are included with the captions.

About the Author Rick Pease is a collector from Texas. This is his third book on gas station collectibles.
