A Wonderful Look at the PastBy David JimenezIt may not be the most original review about this book, but it is a great collection of old pictures from the time when pinup girls were the more desired women on Earth. It is interesting to see how most of the models on these pictures would not make the cut on today's fine nude photography, nevertheless they are still astonishingly beautiful. One note, I gave this book five stars because the photographic content was what I was expecting. Nevertheless, if you get it, save yourself the pain of reading the introduction. First, it rambles way too much, may be engaging at some point (for like ten sentences) but later on gets to the point where it is incoherent. Besides, what it says is different on every language. Now, that's with respect to content. When it comes to format, the only problem that I see with it is the size. It's kind of small and thick,

so, some times it's hard to appreciate things at the border of the pictures. Yeah! I know, with this kind of pictures, you're not looking for what is on the borders, but I like to be able to see a picture flat. But this is not too bad. 8 of 8 people found the following review helpful. Seedy, Sleazy and Sexy By William T. Oliver Christopher Mealie has put together a book of photos for those of us (aging baby boomers) who remember when lingerie, and / or bare breasts were as hot as it got. There's something about what you DON'T see that makes it all the more sexy. That these women are rather normal-looking, and would, most likely, never grace the pages of Playboy, makes them more realistic, and, attainable. For those of you who don't, necessarily, want the girl next door, and like a wide variety of breasts, this collection is for you.

Tawdry, yet titillating pictures from a sinful past -- rare, vintage pinup and girly photos from the 1950s and 1960s, the golden age of girly photos. In this collection of 350 curvaceous kittens are dames, dancers, doxies, broads, floozies and would-be starlets from the 50's. These Sex Cats were typified by Jayne Mansfield, Diana Dors and Mamie VanDoren and appeared in films like Baby Doll and Peeping Tom and magazines like Striparama, After Hours, Blast!, Spree, Taboo and Tom Kat. The awkward stare, ill-fitting lingerie and occasional bruise all provide testimony to the candid yet concupiscent nature of these seedy, yet provocative, pictures. These seductive images were fetish objects for the millions, and were discovered glued into albums or record sleeves, tied in stacks, in old cigar boxes, and hidden in books (notably: Dante's Inferno).

Worth its' weight in used pasties and sequined panties. -- F. Loophole, former Pres. National Socialite Club About the Author Christopher Mealie is a visual artist who has shown widely in Manhattan. He is also a collector of oddball ephemera and likes carnivals, strange films and music, Mickey Spillane and pictures of dead people. He lives in NYC.
