## **Short Poems About Love and Life from Lew Hopson "Blessed To Turn The Pages"**

**Lew Hopson : Short Poems About Love and Life from Lew Hopson "Blessed To Turn The Pages"** before purchasing it in order to gage whether or not it would be worth my time, and all praised Short Poems About Love and Life from Lew Hopson "Blessed To Turn The Pages":

0 of 0 people found the following review helpful. Five StarsBy CustomerI love it, especially the romantic poems.0 of 0 people found the following review helpful. Refreshed after turning the pagesBy michael scottMindfulness is a term which has recently been woven into the modern lexicon of language in this country. Lew Hopsons book `Blessed To

Turn The Pages` fine collection of prose, poetry, and song which mightily embraces and envelopes the concept of mindfulness. There is nothing dull to be found in any of his writings. His style is replete with imagery which rightfully suggests someone whose nature is part pilgrim, artist, warrior, and lover. I particularly relish the manner in which speaks of his `best best friend`. Seldom do we hear or read of such concepts of adoration, dedication, and devotion. Lew challenges us to re-embrace these concepts to better engineer our personal relationships which ultimately can only make the world more civil. Just read his poems `Easter Sunday` or `Watching Movies`. They speak of a man comfortable with vulnerability in regards to his lady/wife. Vulnerability in my humble opinion is the foundational touchstone from which trust may spring forth. Mr. Hopsons book is well conceived as well as effortless to read. His poems reflect someone who accepts the deal of live unwilling to accept silly excuses for inactivity or excuse. Reading between the lines i imagine him to have a high regard for thought, movement, and form which constitute the fundamental ordeal of life. I highly recommend this book especially the younger species of males looking for a `north star`. 0 of 0 people found the following review helpful. I Am Blessed To Have Turned The PagesBy gsteffabeA whimsical glimpse thru the eyes of the writer's life by way of poems, and song lyrics. As in life itself, he has taken man's inherited five senses, and takes us thru his journey's of delights, sorrow, joy, pain, racial pride and indifferences, and just the plain truth about situations.I'm pleased that I took the time and strolled down his path.

"Blessed To Turn The Pages" is a sometimes amusing, sometimes penetrating, oftentimes entertaining, for the most part uplifting, and always revealing collection of short poems written starting about the time when the author was one of the original forty Physician Assistants students in America at Duke University in Durham, North Carolina in the late 1960's and continuing to and through the period when he abandoned a career as a Hollywood movie and television actor to be with his Great Love, his wife and partner in Houston , Texas. "Blessed To Turn The Pages " is more than just a collection of short poems. There are poems in it that turned into songs that turned into at least two albums of recorded songs. There are essays that reveal a bit of the author's world view on topics ranging from Death to Electricity and Quantum Physics. As of this writing, the author and his Heart, his Best-Best Friend are still together, still in Houston, Texas and still very much in love. You, dear Reader, are invited to turn the pages of this book and perhaps get a glimpse of the mindset and mores of an African -American male as he journeys from a tough upbringing on the west side of Chicago to the deep South to Hollywood . It has been a fascinating voyage of discovery and enlightenment- and it's not over yet.
