It is a good historical narrative of the subject and year by year stats, mintages and conditions grading assistance. There isn't much regarding current prices so this volume won't be out of date for quite some time, if ever.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat seller.Lovely item. Thanks.0 of 0 people found the following review helpful. A real and thorough examination of the Maundy storyBy A Customerthis book is for those coin collectors who specialise in collecting Maundy money and also for those who are interested in the British monarchs from the point of view of how they expressed themselves on coinage. It is a book you should not be without if you have an interest in the subject and how tradition is used to underline institution.
