Simon Willard and His Clocks

John Ware Willard : Simon Willard and His Clocks before purchasing it in order to gage whether or not it would be worth my time, and all praised Simon Willard and His Clocks:

0 of 0 people found the following review helpful. Five StarsBy NeoMom loved it0 of 2 people found the following review helpful. Five StarsBy Mark SpragueThis is a very good book on the Willard family. I enjoyed it very much.

The inventor who established America's first clock factory and developed clock-making techniques that are still in use more than 200 years later, Willard was a master among craftsmen. This unique biography, written by his great-

grandson, not only chronicles the inventor's life, it explains his methods and catalogs his creations.
