ContentsBy 2crazy4books2SWEDISH SWATCHESYellow, Blue, Red and Green Series in Color Photosmalin selander"Swedish Swatches is a combination in revised form of four "Swatch" books by Malin Selander, published under the common title Swedish Swatches and subtitled: Yellow Series (1962), Blue Series (1969), Red Series (1974) and Green Series (1978). From each volume, 15 patterns have been selected for inclusion in this volume of 60 patterns with weaving instructions and adjoining colour plates. Weaving instructions are provided for those who would like to reproduce the fabrics as they were woven.The fabrics have been chosen with a view to being a joy to all weavers, those who prefer traditional techniques as well as those who love to experiment with techniques and blending of various types of yarns. All kinds of fabrics are presented for execution in delicate as well as coarse quality, from 2 to 190 harnesses. Instructions are simple and easy to follow."7 of 10 people found the following review helpful. Good for weaving ideasBy A CustomerFor weaving projects, I have a friend who recommended this book to me. This book was first published in English in 1990. It has many excellent pattern ideas for weaving fabric into everything from tablecloths to clothing.
