Hope that there were more Sweetheart Wings which I am interested in but the wings made out only a very small portion of the book.

Military sweetheart jewelry was important on the home front during the World Wars I and II as mementos of the

service men who were abroad. With their emblems of American and foreign military branches and rank, and patriotic devices clearly displayed, these locket, bracelets, wings of love, In-service pins, "Remember Pearl Harbor" items.

Victory pins, cards, pillows, banners, necklaces, and compacts became keepsakes representing loved ones and a display of patriotism. This book is published just in time to commemorate the 50th anniversary of the Allied invasion and end of World War II, one of the world's most patriotic eras. Nearly 200 beautiful color photographs of over 1,000 pieces with explanatory text and a price guide bring these items to life. The variety that was made astounding. These keepsakes are collected today to protect small pieces of history.

About the Author Nick Snider, a veteran Army officer and senior manager with United Parcel Service, has collected patriotic jewelry and items for many years from his home in Atlanta, Georgia.
